Stephanie Hallberg
Frontend Developer

Roles
React Developer
UX/Test Developer
WordPress Developer
SQL/Python/Backend
Developer

Certifications
React and Typescript

Industry Experience
Automotive Print/Media
E-commerce
Music
Education
Security

Education
System Development Program
(C# and ASP.NET),
Lexicon University

BSc in Systems Science, IT,
Human and Organization,
Gothenburg University

Courses
- JIRA Hands-on Training
- Agile, Scrum and SAFe
- Electrical Safety

Languages
Swedish – Native
English – Fluent

Been part of team who develop secure applications with GitLab tasks, CI/CD, daily meetings to discuss workflow assignments. Focus being secure access solutions for cybersecurity and user protection.

Worked inhouse with CI/CD project to deliver efficient, secure and reliable applications consisting of reception desk, kiosk system, aiding coworker patients and administrate performances. Creating a state-of-the art media bank for IKEA, consisting of all the company's images and iconic catalogues (in 38 languages) since its foundation in 1951, was a flagship project for Stephanie

Known for her communication skills and cheerful spirits Stephanie especially enjoys working on teams covering both the front end and back end, React, Typescript, NestJS, GraphQL, Visual Studio Code, WordPress, database administration and project management. She has also trained colleagues in Agile Scrum methodology.
Hardworking and highly structured with excellent listening skills she lands on her feet in all situations.

Constantly looking to advance her development skills and stay at the forefront, Stephanie regularly attends courses at Pluralsight and Udemy, online education platforms that offers a large variety of training courses for software developers. As well as keep track of latest in tech and keeping in touch with developers on global networks.

In her spare time, Stephanie enjoys analog and digital games, yoga, movies, and spending time in her family's house in the Swedish Alps.

SKILLS & TOOLS

Processes
Scrum
Kanban
Trello
